

LOCAL NEWS.

Nearly 18 thousand copies of the *Republican* are circulated among the floating population every day, besides the large number sent to regular subscribers. Advertisers will take note accordingly.

Stealing from the Government Printing Office.

The honesty of printers as a class is proverbial. Their reputation stands high, and they generally enjoy the respect and confidence of those with whom they come in contact. No branch of mechanism has a greater number of more intelligent representatives in our national capital, or who execute their several trusts with greater ability and satisfaction to their constituents. It is therefore doubly painful to the justly proud feelings of our nation, to be compelled to acknowledge a single exception.

That exception is in the person of an individual recently employed in the Government Printing Office, who, in the spongy name of William J. Adams, has been introduced into the office through the influence of one of the Secretaries. And here let us place our emphatic condemnation upon all such "influence" in the printing business; it is foreign to the usages of the craft, and prejudicial to the interests of the Government; it causes ambitious foremen to truckle and cringe "where thrift may follow fawning," while skillful and worthy printers languish in idleness without their aid. Political questions are appropriate enough in their place, but they should never embrace the mechanical skill of the laborer who is "worthy of his hire."

But we digress. This individual, who has since disgraced his patron and the craft, was no sooner installed as a peon in the office than a regular system of peculation of printing materials commenced. He was furnished with a large carpet-bag, he came early and stayed late. Obtaining access to the depository of new materials, every opportunity was improved to convey type from the office to his boarding-house, which was on Sixth street. He carried on this game for some time without being suspected. Last Thursday, however, one of the workmen had the curiosity to pick the carpet-bag up, when, lo! and behold, it was so heavy as to severely tax his strength to raise it from off the floor.

Suspicion was now aroused, and a watch was instituted upon his movements. The next morning early he came to the office, his carpet bag in hand, ready to pack up another lot of material for removal in the evening. The watchman detected him in the act of placing pages of type in the bag, and informed the foreman, Mr. J. H. English, that he had seen him do so. Mr. English then accused him of the theft, which he did not deny. A search of the premises of the boarding-house was then made, by several of the workmen connected with the establishment, with good result. Several boxes of type, of various sizes, a lot of brand new type was found, and, in the sink, another lot, altogether weighing upwards of two hundred pounds, of material which had never been used.

The rascal—who should have been arrested as soon as the theft was discovered—was allowed to escape. It is supposed that he took the early train on Friday morning, for the North, and is probably in New York or Boston by this time.

Bigelow was formerly the publisher of an infidel sheet, in Indiana, called the *Vanguard*. His wife, who is a very worthy woman, in great distress over the matter, and in left to totally unprovided for, among strangers, through the rascality of her husband.

WORKINGMEN'S MEETINGS.
The operative employed in the navy yard met on Saturday night, at the Old Fellows' Hall, Navy Yard, in relation to the proposed increase in the hours of labor, the notification of which increase was received last week by the hands. If the contemplated change takes place, the workmen will be required to go to work one quarter of an hour after sunrise, and to work until sunset. There was a large attendance at the meeting.

Accident.
On Friday evening, Major Henry Porter Andrews, paymaster, on returning to his office in New York avenue, in this city, after having pointed out the Secretary of the New York volunteers, encamped on Meridian Hill, broke his leg near the thigh bone, by making a misstep from the carriage to the stepping stone on the side walk.

Affairs in Alexandria.
We take the following summary of affairs in Alexandria from the columns of the *Local News*:
VOLUNTEER RELIEF ASSOCIATION OF ALEXANDRIA.—During the last week, this association has relieved the necessities of one hundred and seventy families, comprising upwards of eight hundred persons. The ration was made up as follows: Meat, 1,200 pounds; meal, 300 bushels; flour, 450 pounds; fish, 4 barrels. Without the beneficial influence of this association, many families in Alexandria would not know where to look for succor, and we are glad to learn that such an association exists in that devoted city.

ELECTION OF BANK OFFICERS.—At a late meeting of the stockholders of the Bank of the Old Dominion, in Alexandria, the following gentlemen were elected to serve as directors for the ensuing year:
For the Mother Bank at Alexandria—Wm. M. McViegh, Benj. H. Lambert, Daniel F. Hoop, Wm. H. Caldwell, George W. H. Smoot, J. J. Wheat, Robert S. Ashby, Benj. Waters, John B. Dingerfield.

For the Branch Bank at Petersburg.—A. G. Peck, Wm. C. Charlton, Jas. W. English, Jos. A. Peck, James Adair.

It is said that when the residence of Mrs. Betsey C. Mason, near Alexandria, was entered a few days or nights since, and some valuable property borne off, amongst other things, old family portraits were taken from their frames. An investigation of the affair is in progress.

The Indian Herb Doctor.
From Chicago, arrived in this city on Saturday evening, from Baltimore, and are now quartered at the depot, in the building known as the "Soldiers' Retreat." Most of them are still suffering from the effects of the battle, and comprise captures made by the rebels in some of the engagements along the Potomac during the war. But three or four out of the entire number are free from wounds of some kind. The poor fellows are kindly cared for by families living in the neighborhood of the depot, and yesterday, undoubtedly fared better, as far as the inner man was concerned, than they have done for a long time.

One Soldier Robbing Another.
Daniel Kellahan, a soldier, was arrested on Saturday night by Officer Grant, for robbing one of his comrades of \$15. Upon searching him at the magistrate's office, a treasure note was found, concealed in his shoe, and one gold dollar in his mouth. He tried to hide a purse, containing \$3, under the cushions of the sofa in the office. The purse was identified by the soldier as the one he had been robbed of. He was committed to jail, for court, by Justice Miller.

The Government Printers.
We hear it stated that the House Committee on Printing have requested the journeyman printers employed in the Government office to withdraw a petition, presented some weeks since, asking the concurrence of the committee in the action of the Printers' Society reducing the hours of labor from ten to eight hours. The printers will now either have to cave in, and return to the old ten-hour system, or "strike," and the likelihood is that they will "cave in."

Needing Liquor Without License.
A woman named Connor, living on Sixth street, between F and G streets, in Murphy's row, was arrested by Officer Nichols, on Saturday, for selling liquor without license. She was sent to the workhouse for ninety days. The same officer also arrested the woman, Murphy's row, for selling liquor without license. She was sent to the workhouse for ninety days.
